

COVID19 Vaccination Report

Manitoba First Nations Pandemic Response Coordination Team

Fall COVID-19 booster and flu vaccines will be available in October. Contact your health center or nursing station for more info.

Date: October 19, 2023

The information describes First Nations vaccines that have been recorded in PHIMS as of October 19, 2023. Since many communities do not have access to PHIMS directly we know many more doses have been administered in the communities but have not yet been recorded in PHIMS. We continue to work to address the delay so that the numbers we report more accurately reflect the excellent work going on in communities.

Total Doses Administered

Total number of vaccinations: **333,742**
